

TTA

TUBACEX
GROUP

7403 5" S/80 TTA LPS-304H R/XD 8108 FWA

TTA (Tubacex Taylor Accesorios SAU) was founded in 1972 as a Joint Venture between the Tubacex Group and Taylor Forge, and is located 30 km away from the seaport of Bilbao. Since 1977 is fully integrated within the Tubacex Group. Our company is specialized in the manufacturing of fittings for Fired Heaters and Furnaces of the petrochemical and refining industries.

PRODUCT INFORMATION

MANUFACTURING RANGE AND PROCESS

- > Butt Welding Fittings made of Carbon Steel, Alloy Steel and Stainless Steel, and Nickel-based Alloys.
 - Elbows.
 - Return Bends.
 - Concentric Reducers.
 - Eccentric Reducers.
- > Elbows and Return Bends in SR, LR and special radius.
- > Our size range goes from 1 ½" up to 16" NPS, with wall thickness up to 30 mm.

PRODUCT INFORMATION

MAIN GRADES & STANDARDS

STEEL	STEEL GRADES (ALSO IN THEIR EN EQUIVALENTS)
Austenitic	304, 321, 316, 347, 317, 31254...
Austenitic for High Temperatures	310, 309, 314...
Duplex and Superduplex	31803, 32750, 32760...
High Nickel	904L, Alloy800, Alloy825, Alloy20...
Alloy Steels	WP1, WP11, WP12, WP22, WP5, WP9, WP91...
Carbon Steel	WPB, WPL6...

Our suppliers of stainless steels are our sister companies of the Tubacex Group; so, in addition to the standard grades, TTA is able to attend special chemical requirements on each project.

APPLICATIONS

- Fired Heaters, Furnaces and Reactors for the Petrochemical industries.
- Other equipment for Oil & Gas refineries, LNG facilities etc.
- Industrial Boilers for the Power Generation industries.

WHY TTA

- Focused on the service and flexibility towards our customers, we dispose of a relevant and comprehensive stock of semifinished fittings, in any sizes, steel grades and shapes. In addition, we have raw material available, which allows us to supply our product in fast and flexible deliveries, and also in small quantities.
- Our production process, know-how and QA & QC have allowed us to supply our products worldwide into many of the most important projects for new refineries or revamps in the petrochemical sector, our main market.
- Among others, we are approved in different AML, such as ExxonMobil, Total, Saudi Aramco, KNPC, Repsol...
- Due to our integration within the Tubacex Group, our manufacturing capabilities, in addition to the range of pipes and tubes of the Group, enable our customers to achieve higher efficiency in their purchasing decisions.
