To the shareholders of TUBACEX, S.A.:

Pursuant to article 49 of the Code of Commerce we have performed a verification, with a limited assurance scope, of the accompanying Consolidated Non-Financial Statement (hereinafter NFS) for the year ended December 31, 2021, of TUBACEX, S.A. and its subsidiaries (hereinafter, the Group), which is part of the Consolidated Management Report of the Group.

The content of the NFS includes additional information to that required by prevailing mercantile regulations in relation to non-financial information that has not been subject to our verification. In this regard, our review has been exclusively limited to the verification of the information shown in section "Annex II: Reference table of Law 11/2018 on Non-Financial Information requirements and Global Reporting Initiative contents" included in the accompanying NFS.

Directors' Responsibility

The Board of Directors of TUBACEX, S.A. are responsible for the approval and content of the NFS included in the Consolidated Management Report of the Group. The NFS has been prepared in accordance with the contents established in prevailing mercantile regulations and following *Sustainability Reporting Standards* selected criteria of the *Global Reporting Initiative* (GRI standards), as well as other criteria described in accordance with that indicated for each subject in "Annex II: Reference table of Law 11/2018 on Non-Financial Information requirements and Global Reporting Initiative contents" included in the accompanying NFS.

This responsibility also includes the design, implementation and maintenance of such internal control as they determine is necessary to enable the preparation of an NFS that is free from material misstatement, whether due to fraud or error.

The Directors of TUBACEX S.A. are further responsible for defining, implementing, adapting and maintaining the management systems from which the information necessary for the preparation of the NFS is obtained.

Our independence and quality control

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants (IESBA), which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

Our Firm applies International Standard on Quality Control 1 (ISQC 1) and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory provisions.

The engagement team consisted of experts in the review of Non-Financial Information and, specifically, in information about economic, social and environmental performance.

Our responsibility

Our responsibility is to express our conclusions in an independent limited assurance report based on the work performed. Our work has been performed in accordance with the requirements established in prevailing International Standard on Assurance Engagements 3000 "Assurance Engagements Other than Audits or Reviews of Historical Financial Information" (ISAE 3000 Revised) issued by the International Auditing and Assurance Standards Board (IAASB) of the International Federation of Accountants (IFAC), and with the Guidelines on assurance engagements on the Non-Financial Statement issued by the Spanish Institute of Chartered Accountants.

The procedures carried out in a limited assurance engagement vary in nature and timing and are less in scope than reasonable assurance engagements, and therefore, the level of assurance provided is likewise lower.

Our work consisted in requesting information from Management and the various Group units participating in the preparation of the NFS, reviewing the process for gathering and validating the information included in the NFS, and applying certain analytical procedures and sampling review tests as described below:

- ▶ Meeting with Group personnel to gain understanding of the business model, policies and management approaches applied, and of the main risks related to these matters, and obtaining the necessary information for our external review.
- ▶ Analysing the scope, relevance and integrity of the content included in the NFS for the year ended December 31, 2021 based on the materiality analysis made by the Group and described in section "5.1 Materiality Assessment" considering the content required by prevailing mercantile regulations.

Paragraph of emphasis

Regulation (EU) 2020/852 of the European Parliament and the Council, June 18 2020, on the establishment of a framework to facilitate sustainable investments settles the obligation to disclose information on how and to what extent the company's activities are associated with economic activities that are considered environmentally sustainable in relation to climate change mitigation and adaptation objectives for the first time for the financial year 2021, provided that the Non-Financial Statement is published as of January 1 2022. Consequently, comparative information on this matter has not been included in the accompanying NSF. Additionally, information has been included, for which the Board of Directors of TUBACEX, S.A. have chosen to apply the criteria that, in their opinion, best enable compliance with the new obligation and which are defined within the "7. Taxonomy" chapter of the accompanying NFS. Our conclusion has not been modified in relation to this matter.

Conclusion

Based on the procedures performed in our verification and the evidence obtained, no matter has come to our attention that would lead us to believe that the NFS of the Group for the year ended December 31, 2021 has not been prepared, in all material respects, in accordance with the contents established in prevailing mercantile regulations and following the criteria of the selected GRI standards, as well as other criteria described in accordance with that indicated for each subject in section "Annex II: Reference table of Law 11/2018 on Non-Financial Information requirements and Global Reporting Initiative contents", included in the NFS.
